All—have you guys had a chance to look at this? I have a few more weeks to submit changes to Census if needed.

Jennifer

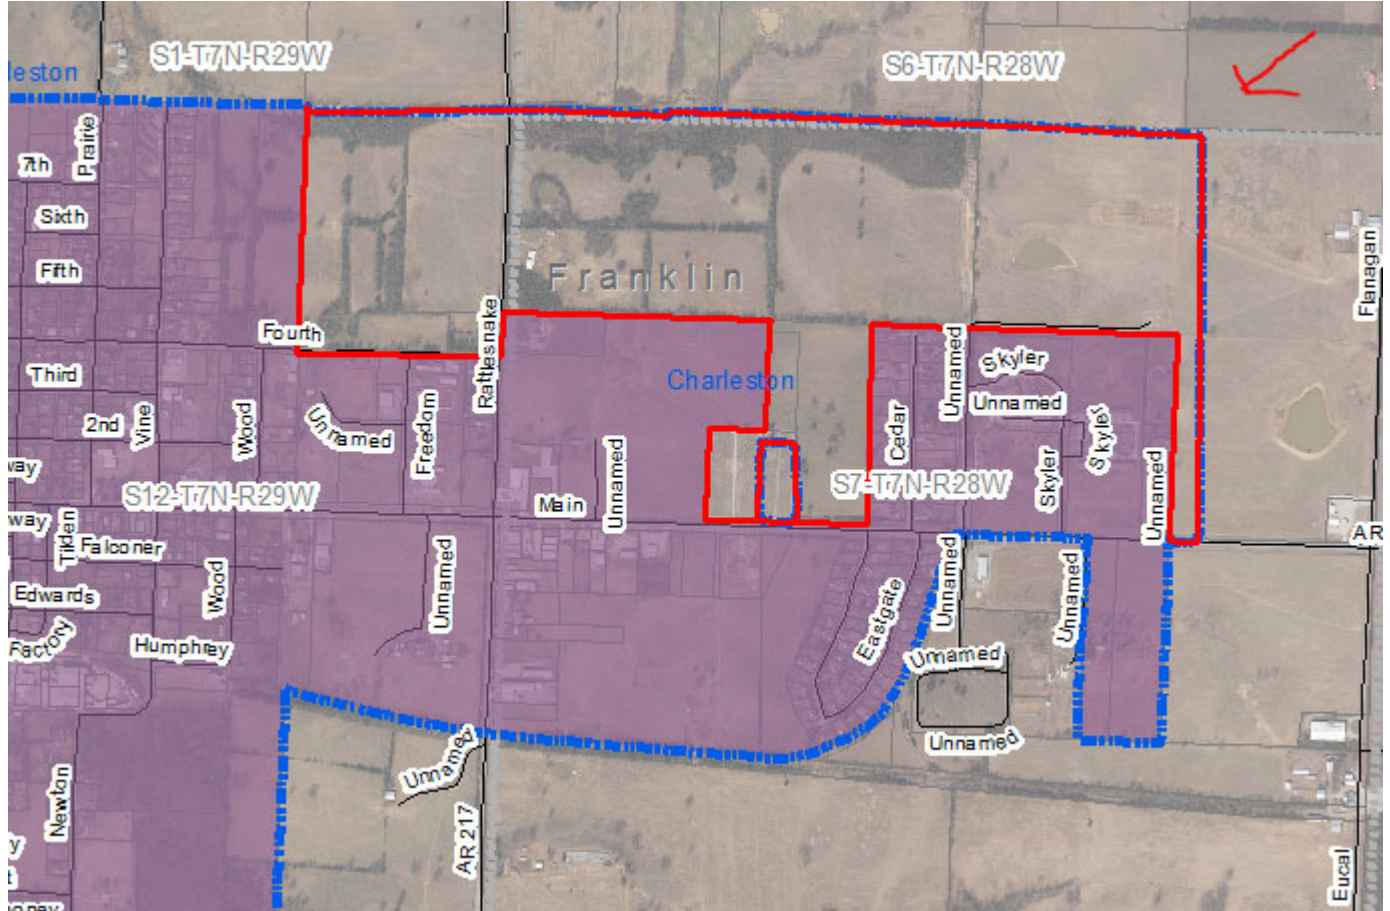

I'm reviewing the map you sent and have forwarded your email to Mayor Hester and her admin assistant.

Thank you,

Tonya—thank you for helping out with this. There is a spot in Charleston that both the state and the county assessor show to be out of the city limits while the Census shows to be in. If this area is supposed to be outside of the city, the Census will require approval from the city—which can be done by replying to this email.

Do you guys agree that the below area is outside of the city and should be removed from Census maps?
