Subject: Gravette Census Correction

Mallory,

I am working with the Census to ensure Gravette's city limits are correct. I also work with Stephanie Shaw at NWA regional planning—who is copied in this email. There is a spot in Gravette that the state, the county assessor, and Stephanie show is outside of the city while the Census shows it to be in. In order for them to make the correction they need approval from the city---which can be done by replying to this email.

Do you agree that the below area is outside of the city limits?
